

AKC Grand Champion, UKC Champion Deep Run Ballyhoo JH “Billy”

Billy is an AKC Grand Champion and also a UKC Champion. He has earned his AKC Junior Hunt title as well.

Billy is owned by Deep Run Labradors in Virginia, and comes from an exceptional line of English Labrador Retrievers. Billy's mother has a long line of talented ancestors who've been awarded Champion and Grand Champion titles.

Billy's sire is the highly accomplished American and Canadian Champion Deep Run Casablanca - "Casey". Not only has Casey achieved Championship titles in two countries, he has also earned his AKC Master Hunt title, which is no easy feat, and holds three other titles, Companion Dog, Rally Novice, and Advanced Titles. Quite the over achiever!

And Billy's line gets even better, because Billy's grandfather (Casey's father) is American, Canadian, and UKC Grand Champion Poplar Forest Play It Again Sam. A phenomenal black English Labrador Retriever that possessed all of the qualities of a winner who excelled in whatever challenge that was set before him. Not only did he achieve three championship titles in the show ring, he also excelled in the field and was awarded the AKC Master Hunt title. And, his winning didn't stop there, as he went on to be awarded the Companion Dog & Companion Dog Excellent titles, the Rally Novice, Rally Advanced, and Rally Excellent titles, and in 2013 Sam became the first Labrador Retriever to earn the AKC Master Hunt Upland title when AKC opened the Spaniel Hunting Test to Labrador Retrievers.

Billy loves the water, and loves to retrieve, following in his family's footsteps for sure. He certainly has an extraordinary bloodline and has produced some amazing puppies!
